CAREER OBJECTIVE

To work for your organization which provides me the opportunity to improve my skills and knowledge along with the organization objective.

EDUCATION

| S. No | Course | Institution | Passing Year | Marks/CGPA |
|-------|--------------|---|--------------|------------|
| 1 | B-Tech (ME) | Rajeev Gandhi Memorial College of Engineering and Technology, Nandyal | 2020 | 7.1 |
| 2 | INTERMEDIATE | Narayana Junior College, kurnool | 2016 | 9.0 |
| 3 | SSC | S.T.Thomas IIT School,Anantapur | 2014 | 9.5 |

PROJECT

Title:Fabrication and Performance Analysis of Domestic Refrigerator by using alternative refrigerations

Description: Working principle of domestic refrigerator

The function of the compressor is to raise the pressure of gaseous refrigerant coming from the evaporator. By raising the pressure, the boiling point of the refrigerant increases. This high pressure and high-temperature refrigerant while passing through the condenser changes the phase and condenses in high pressure and temperature liquid refrigerant. The room air is at the lower temperature than the refrigerant passing through the condenser, hence condensation takes place and vapor refrigerant converted to liquid refrigerant. Thus heat is thrown to the air at this point in the refrigerator. Now resultant liquid refrigerant which is at high pressure and temperature passes through the capillary tube which is made up of copper material and has the very small diameter and longer length.

TECHNICAL SKILLS

- HTML
- CSS
- BOOTSTRAP
- JAVASCRIPT

PERSONAL STRENGTHS

- Hard working
- Quick learner
- Team Work

PERSONAL PROFILE

- Father's Name : P.Siva Narayana
- Mother's Name : P.Vara Lakshmi
- DOB : 25-09-1998
- Nationality : Indian
- Gender : Male
- Languages Known : Telugu, English
- Hobbies : Learning new things,playing badminton

DECLARATION

I declare that the information given above is true to the best of my knowledge.
